We are large enough to serve you,
yet small enough to care.

We have a commitment to maintain a high standard of excellence in all that we do and to establish a firm relationship of mutual trust and service with our clients.

We are an Independent Insurance Agency

We do not work for an insurance company; we work for you. We work on your side when you have a loss and follow through to see that you get fair, prompt payment. We represent a carefully selected group of financially sound, reputable insurance companies, and we place your coverage with the company offering the best coverage at a competitive price.

Our Primary Objective... is to establish a relationship – *a partnership* – between you, the insurance company and our Agency; to provide you with Coverage, Loss Control Services, and above all, Claim Services.

These are the key to any effective asset protection program. **Our Number 1 product is service;** service specifically designed to reduce your losses and control your insurance costs.

We would welcome the opportunity to design and manage an insurance program specific to your needs and to advise and assist you towards your overall asset protection strategy.
